## About the College

Government College of Pharmacy, Aurangabad was established in the year 1996 by the Government of Maharashtra as a department in Government College of Engineering, Aurangabad. The thrust for the establishment of the college was given by Padmavibhushan Honorable Late Shri Govindbhaiji Shroff, the great freedom fighter. The Institution started with the initial student intake capacity of 30 which was subsequently raised to 60 in 2005. The College is approved by the All India Council for Technical Education (AICTE), New Delhi, Pharmacy Council of India (PCI), New Delhi and affiliated to Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. The college has Ph.D lab., approved by Dr. Babasaheb Ambedkar Marathwada University since 2003. The AICTE subsequently gave permission to start Master courses in Pharmaceutics and Pharmaceutical Chemistry in 2006 and 2007; respectively. In 2010, the Institution shifted to its own huge building of 75,000 sq. ft. area. The Government of Maharashtra, realizing the need of education in clinical Pharmacy area so as to meet the global challenges, decided to start the Pharm. D course in 2011 with the student intake capacity of 30. At present, only Maharashtra Government has pioneered to start the Pharm. D. course in India. Institute has also progressed immensely in the administrative field. The centralized admission process of the Diploma, Graduate, Post-Graduate and Pharm. D. programs for the entire state of Maharashtra is successfully conducted by this college every year. This Institute is also a lead centre for undertaking PG-CET( M. Pharm.) examinations. It is also having a strong back-up of analytical instrument facilities of industrial interest. The Institute is actively collaborating with the Industries through the signing of MOU with K-Labs, Mumbai and ICPA, Ankleshwar.

The college has an excellent faculty led by the Principal Dr. S. S. Khadabadi who has obtained patents and published several books and is also the recipient of Ideal Teacher Award. All the faculty members of this Institute have a good contribution in Pharmaceutical research and have several scientific publications in Journals of National and International repute to their credit. Most of the faculty members are Doctorate degree holders and are recognized as Ph.D guides.

The college endeavors to start PG course in Quality Assurance Techniques and Post – Baccalaureate course of Pharm. D in the very near future.

## About the Seminar

A proactive approach to motivate research for the benefit of the society in large and in synergy with the vision of National Knowledge Commission, a dream of Hon'ble Prime Minister Dr. Manmohan Singh, is the thrust for organizing the seminar. It is a platform for fruitful interaction focusing on fundamental research through the vision of specialists. To explore the vast arena of Drug Chemistry and Analysis, expertise from Industry and Academics will channelize the effective and productive path of drug research.

## Objectives of the Conference:

1. To motivate the student researchers, academicians and research scientists about learning methods of organic medicinal synthesis and modern methods of analysis.
2. To create fruitful interaction between academicians and industry professionals, which will create innovative ideas.
3. To build industry-institute partnership and to carry out collaborative research work.
4. To develop student researchers as per the demands of industry.

## Eligibility for Seminar

Aspiring student researchers, post graduate students academicians, research scientists from industries; in the field of Pharmacy and various disciplines of Chemical Sciences.

## Guidelines - Poster Presentation:

The text of the abstract should be typed in Times New Roman using font size of 12 with title in bold. The abstract should not be more than 250 words. The area provided for poster presentation will not be more than 1 Sq. meter.

Abstracts for Poster presentation should be sent to Dr. M. A Kale

(kale\_mayura@yahoo.com) and Shri.U.A. Deokate (deokate@yahoo.com)

**Prizes will be awarded to best poster presentation.**
